Available for internship from
November 18, 2024, to
May 31, 2025.

PROFILE

Driven and curious student with a background as a care assistant. With seven years of experience, I have acquired strong skills in flexibility and collaboration. Now, I am seeking to transition into the IT industry as I am passionate about technology and problem-solving. I am looking forward to contributing to the success of many future projects, taking on challenges, and growing within IT and software development.
